Allocation, and Rate Design.

Application 04-06-024  
(Filed June 17, 2004)

**ADMINISTRATIVE LAW JUDGE'S RULING  
GRANTING INTERVENTIONS OF  
CALIFORNIA BUILDING INDUSTRY ASSOCIATION  
AND WAL-MART STORES, INC.**

On March 16, 2005, the California Building Industry Association (CBIA) petitioned to intervene. On March 18, 2005, Wal-Mart Stores, Inc., moved to intervene. No responses were filed.

CBIA states that it is a statewide trade association representing more than 6,000 businesses, homebuilders, remodelers, subcontractors, architects, engineers, designers and other industry professionals. CBIA asserts that the homebuilding industry contributes \$59 billion annually to California's economy, and generates 525,000 jobs. CBIA says it seeks to address proposed changes to the 50% nonrefundable discount option for new customer connections. CBIA does not believe its intervention will unduly broaden the matters subject to the Commission's consideration.

Wal-Mart states that it is an international retailer with approximately 192 facilities located in California. According to Wal-Mart, it consumes more than 500 million kilowatt-hours in the state under a combination of bundled and

direct access service. Wal-Mart says its participation will not unduly broaden the issues already presented or prejudice any party.

**IT IS RULED** that the March 16, 2005 petition of California Building Industry Association to intervene, and the March 18, 2005 motion to intervene of Wal-Mart Stores, Inc., are granted. The service list shall be modified to include in the appearance category:
